

FireKing®

FIREPROOF INSULATION

is 100% gypsum, reinforced by a 1" by 2" lattice made of 14-gauge galvanized welded steel wire, providing complete peace of mind from fire, impact, or explosion.

FIELD REPLACEABLE STEEL PANELS

can easily be replaced in the event that any panel is damaged.

FINISH

is an environmentally-friendly electrostatic powder coating applied to all sides, including bottom. The finish is scratch-resistant, providing a lifetime quality appearance.

DRAWER BODIES

are built with high sides for use with hanging folders – no additional frames are needed.

DRAWER SUSPENSIONS

are maintenance free and are guaranteed for life.

DRAWER LOCKS

on all files provide general locking of all drawers through either standard key locks or UL®-listed high-security locks.

DRAWER PULLS

are surface mounted to allow for extra insulation inside the drawer heads.

INSULATION BETWEEN ALL DRAWERS

makes each drawer a separate insulated container.

2-POSITION DRAWER CATCH

allows access to certain drawers while others remain locked.

DRAWER HEADS

are formed of welded steel and filled with fireproof insulation, and are field replaceable.

UNDERWRITERS LABORATORIES® (UL®) FIRE & IMPACT RATING

on all file cabinets. See back for details.

STORAGE CABINET

72" high – 4 shelves
44" high – 2 shelves

VERTICAL

25" or 31" Depth
Choose Legal or Letter
2, 3, or 4 Drawers
